CONTENTS

Animal Husbandry

H. Tamate :

The anatomical studies of the goat I. The post-natal development of the stomach with special reference to the weaning and prolonged suckling 209

T. Tsuda :

Studies on the absorption from the rumen I. Surgical operation of forming the miniature rumen 231

T. Tsuda :

Studies on the absorption from the rumen II. Absorption of several organic substances 241

M. Katsuno and J. Fujita :

Studies on the pullorum disease II. On the fluctuation of the agglutinin titre of the fowl 257

Fisheries

Y. Tsuchiya and Y. Sato :

A rapid method for the determination of moisture content in fish meat II. Relation between error of estimation and fat content 273

Y. Tsuchiya and M. Kayama :

Studies on the conjugated fatty acids Part II. The thermal polymerization of the conjugated fish oil obtained by the nickel-on-carbon catalyst isomerization 277

M. Asano and M. Ito :

Comparative biochemical studies on aquatic animals II. Phosphorus turnover of the freshwater fish and shellfish 291

Agricultural Chemistry

A. Fujiwara and M. Kurosawa :

Studies on the biting taste of the burley tobacco leaves (Nutritional physiology of Japanese tobacco) III. Effects of the form and the amount of the supplied nitrogen and phosphorus on the quality of the burley tobacco 303
